

Proyecto UF2. Miniproyecto

Marc Cordero Santos

Actividad a realizar:

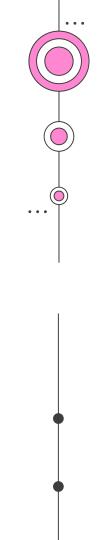

Crear un proyecto de los siguientes temas, película, libros o videojuegos.

El mini proyecto consta de 3 pantallas.

- Pantalla 1: Se muestra el logo de la aplicación y mínimo 3 cards (ver el link anexado), al dar clic a una card se abre la URL
- **Pantalla 2**: Se muestra en pantalla la página web del card antes clicado, dejando en la parte de abajo una zona en donde aparecerá un botón con el símbolo de más (+) información y en la parte de arriba una flecha para pasar a la página anterior (<-)
- **Pantalla 3**: Al dar clic a más información se irá a la pantalla 3 en donde se mostrará un formulario con los siguientes campos: Nombre, correo electrónico, y un checkbox para indicar o no si es mayor de edad

Al terminar lo anterior se deberá hacer un fichero ejecutable (con su propio icono). Enviar una carpeta con los ficheros comprimidos y el apk

O1 Código de la app

main_activity.xml

```
